Application Cover Page

Type of Proposal

- ☐ New
- ☐ Resubmission

O&P Foundation Research Priorities

With which of the following value of care elements does this project most closely align? (select all that apply)

- ☐ Outcomes
- ☐ Experience
- ☐ Cost

Which of the following domains of quality is addressed through the research in the proposal? (select all that apply)

- ☐ Effectiveness
- ☐ Efficiency
- ☐ Patient Centeredness
- ☐ Timeliness
- ☐ Equity
- ☐ Safety

Primary Applicant/Principal Investigator

- ☐ First and Last Name
- ☐ Credentials
- ☐ How many years since terminal degree (0-5, 6-10, 11-15, 16-20)
- ☐ Organization
- ☐ Address
- ☐ Email
- ☐ Phone

Secondary Applicant/Co-Investigator

- ☐ First and Last Name
- ☐ Credentials

- ☐ Organization
- ☐ Address
- ☐ Email
- ☐ Phone

List all research collaborators

Proposal Information

- ☐ Title of research proposal
- ☐ Location where the project will be conducted
- ☐ Anticipated project dates
- ☐ Total funding requested
- ☐ Does the project involve animal subjects?
- ☐ Does the project involve human subjects?
- ☐ Does the proposal contain confidential or proprietary information?
- ☐ Is there a conflict of interest? (please describe)
- ☐ Has related funding been requested (how much?)

Description of the research (200 words max)

Application Cover Page | Instructions

Type of proposal

Please check the type of proposal that you wish to apply for.

New

Select this option if you have not applied before or if this is a totally different project from a previous application**.**

Resubmission

Select this option if you have applied previously with the same project**.**

O&P Foundation Research priorities

Triple Aim

Identify at least one element of care value that will be impacted through the proposed research

Quality Domains

Identify the AHRQ Quality domain(s) that are addressed in the proposed research

Primary applicant

Please provide the name and contact details for the primary applicant. For the Mentored Pilot Grant, this would be the graduate student*. For Early Career or Pilot Grants this would be the principal investigator (PI).

**Additional submission requirements apply for students who may only serve as Co-PI (see program manual)*

Secondary applicant

Please provide the name and contact details for a secondary applicant if applicable.

This section is compulsory for Mentored Pilot applicants, where this would be the faculty advisor.

This section is optional for Early Career and Pilot Grants applicants.

Title of proposal

Please provide the full title of your proposal.

Primary location where project will be conducted

Please provide the name and location of the primary institution/facility where the project will be conducted.

Anticipated project dates

All program applicants must complete this item. Please provide the start and end date that you anticipate for the proposed project. Date should be entered as month/day/year. Applicants should ensure that they do not select a start date prior to the date that funding is estimated to be made available (see program manual).

Total funding requested

Please provide the total funding being requested.

For the Mentored Pilot Grant applications, this amount should match the total amount indicated in the proposed budget and may not exceed $5,000.

For Early Career and Pilot Grant applications, this amount should match the total amount indicated in the proposed budget and may not exceed $30,000.

Does the project involve animal subjects?

Does the project involve human subjects?

Please indicate if the project involves human or animal subjects. Be sure to indicate in the application how institutional review board (IRB) and animal care and use committee (ACUC) requirements will be addressed. Note that approval by IRB or ACUC is not required at time of submission but will be required prior to dissemination of funds.

Does the project contain confidential or proprietary information?

Please indicate if the project contains confidential information. Be sure to indicate within the application any information that should remain confidential.

Please indicate if the project contains proprietary information. Be sure to indicate within the application any information that is proprietary.

Is there any potential conflict of interest?

Please indicate if you are aware of any conflict of interests (real or perceived) related to personnel, funding, or other issues included in or related to your application. If you check yes, please submit an additional attachment describing those conflicts.

Brief description of the project

Please provide a brief description of the project. Do not exceed 200 words. Please note that this IS NOT the abstract. Abstracts should be submitted as part of the application per the respective program manuals.
